### **Daily Room Rates**

Room Type	
Private	\$300
Semi Private	\$270

Medicare covers the first 20 days at 100%. An additional 80 days are available (not guaranteed) at 80% Medicare and 20% co-pay that is typically picked up by secondary insurance (all 20% or a portion is typically covered). If no secondary insurance the co-pay for 2021 is 170.50/day.

Private insurance needs to be pre-certified by admissions- we will then learn the coverage for the patients stay-whether it is 100% covered or if the patient has a portion they are responsible for.

All private pay admissions must pay 30 days in advanced at the time of the move in. A refund will be given if the stay does not total the full amount paid at the time of move in.
